# M i S S i O N

W.G.V. International is dedicated to providing you with the best quality products and customer service at the lowest pricing possible.

Our handmade glass vases are all crafted by reputable industry professionals, and we offer them at the lowest prices - guaranteed.

In addition to our wide variety of handmade glass vases and containers, W.G.V. International is always looking to expand and diversify our product lines to better accommodate our customers' needs. Please check back often for new products.

As a wholesaler, we offer discounts for customers who are interested in purchasing larger quantities. Discounts of 50% or greater are available for large bulk orders! We are also able to subsidize freight costs on larger bulk orders for customers in all 50 states - yes, that includes Alaska & Hawaii! Please contact our sales associates for more information.

Besides serving floral shops and event planners all around the U.S., W.G.V. International supplies glass vases and containers to many distinguished companies for their décor and special event needs. Our glass vases and containers are used to decorate and enhance displays in many nation-wide retail stores and hotels such as Ann Taylor, Cole Haan, Sketchers, Paris Hotel in Las Vegas, Marriott International, and many more. Illustrious companies such as Vogue and Limited Brands (the mother company for Victoria's Secret) have used our vases and containers for their company's special events. If you need help on where to get started on planning your next special event, please let us know and we are happy to provide you with recommendations.

We are UPC ready and have an excellent score and industry standing with Dun & Bradstreet. We are also proud to be a minority-owned and woman-owned business.

Please review our company policies located at the end of our catalog carefully. If you have any questions or concerns, please feel free to contact us.

We are confident that this will be your favorite stop for all your container and décor needs.

Your overall satisfaction with both our products and service is our utmost priority - guaranteed!

Call us now at **(626) 452-8268** and speak to one of our knowledgeable and helpful sales associates today!

Atlanta, GA 30303

**Product Information:**

- The majority of our glass vases are hand crafted, artisanal mouth blown pieces. The size dimensions listed in the catalog were originally produced in Metric (centimeters) and converted to Imperial (inches). Please note that due to the nature of all blown glass vases, there may be slight variations in size from those noted in the catalog or website. If you are looking for an exact size, call or email us and ask one of our associates to get the exact measurements for you.
- The width of each item is measured from outside edge to outside edge, which includes the thickness of the glass itself. Due to the hand crafted nature of blown glass, there may be very slight variations in the thickness of the glass.
- If you have something in mind that is very specific, or you need something that requires precise detail, please order a sample to review before making a large order.

**Order Requirements:**

- To qualify for our discounted Business Wholesale pricing, we require that you provide a copy of a valid state reseller permit, and/or a copy of your Federal Tax ID (WW-9) form, or DUNS information.
- We offer a multi-tier pricing schedule based on quantity purchased. To meet our first business wholesale discount pricing tier, we require a minimum order of \$500.00, shipping excluded. Please contact our sales associates with your company's needs and they will be happy to assist you.
- Container load rates are available as well. Again, our sales associates will be happy to assist you in any way we can.

**Shipping info:**

- Smaller orders consisting of less than 6 cases usually ship with a ground carrier (FedEx/UPS/USPS) while the majority of our wholesale orders are shipped by pallet LTL freight. We have found these carriers and methods to be the safest way to ship glass products compared to other shipping options available currently.
- Shipping costs are calculated as actual shipping costs – we do not markup shipping costs. We will do our best to get you the lowest shipping cost, and most reliable service available based on your needs.
- Extra shipping services such as residential delivery, inside delivery, signature services, limited access location delivery, etc., will be paid by the consignee. Home businesses, churches, schools, country clubs, hotels, wedding venues, military bases and special locations are considered residential / or limited access deliveries, no exceptions.
- If your place of business has no truck-level loading dock or forklift, a mandatory lift-gate is required. If the pallet order is shipping to your home, a mandatory lift-gate is required as well. A lift-gate service means the driver will offload your pallet(s) off their truck using a mechanical elevator, and leave the pallet safely on the ground for you. Please note they will not take this inside your garage or property, that will be considered an "Inside Delivery", which is an additional cost. If you require an Inside Delivery, please inform any of our reps so they can quote you properly based on your needs.
- Please note that if the trucking company discovers at delivery that the ship to address is not a commercial address, or varies from the information provided to us by the buyer, extra delivery charges will be added by the carrier that will be the customer's responsibility. Generally the shipping company will bill us first, and we will in turn charge the customer.
- For LTL freight shipments, reconsignments or the changing of a shipping address once your order has shipped, will result in additional fees per LTL freight policies. These fees vary from carrier to carrier.
- Please note that if a LTL Freight driver cannot deliver because you are either closed or forgot about your appointment, a redelivery fee will be assessed. Additionally, if a carrier discovers you do not have a loading dock or forklift, and no lift-gate is noted on your shipment, they will leave and call us back to request a redelivery and lift-gate. These fees vary from carrier to carrier.

**Damages/Return Policy:**

- It is generally safer to ship by freight, than ship by ground (FedEx/UPS). We assemble the shipment on a wooden pallet with all items being securely shrink-wrapped and arranged according to weight and size. This method decreases the chances of movement and breakage during transport and increases the safety of the order in general.
- In the event there are any visible or audible damages discovered upon receipt of your freight order, please notate them on the delivery receipt before you sign it. If the driver is unwilling to wait, please notate on the bill "damaged boxes, possible damage".
- If you do sign the bill of lading as is, and find damages later, the trucking company will reject the claim and counter that the items could have been damaged after delivery, so it is crucial to make some sort of notation on the bill of lading/delivery receipt if you notice any damage at all. If the truck driver does not allow you time to inspect your shipment, or if you have too many cases to inspect quickly, just note on the receipt "unable to inspect all items for damage, will report damage, if any, at the earliest time possible".
- Be sure to take pictures of the damaged items and email photos to us to show proof of damage. Please avoid handling broken glass if at all possible, photos of the damaged items in their boxes is sufficient.
- After noting damage on the delivery receipt, call or email us immediately. We will assist you in resolving your claim as quickly as possible. Remember, if there is no damage noted on the signed receipt, and damage is discovered later, most claims will be denied by the trucking company.
- Customers are responsible for reporting any damage within 7-10 business days of receipt of shipment. All claims must be filed within this time frame or they may be automatically denied by the carrier.
- Damage claim payments will be either credit for, or replacement of the item(s). Certain items cannot be replaced due to their size, please check with our sales representatives if you have any concerns.

**Returns:**

- Any unauthorized return will not be accepted.
- All returns must be made within 7 days from receipt of shipment.
- Shipping costs are nonrefundable. Return shipping costs are the customer's responsibility.
- Items must be returned in their original, undamaged packaging, to receive credit. A restocking fee may also be charged.
- 20% Restock fee may be assessed.

*There are exceptions to certain policies, for details contact our sales representatives. Policies and pricing are subject to change without prior notice. We reserve the right to refuse service to anyone.*
